VANUATU

Why Vanuatu Second Citizenship?

At the time of writing this information, we can say that in the entire world there are only six countries that offer a classical true Citizenship by Investment option whereby you pay money and get your citizenship within a few months without having to initially live there: Vanuatu, St Kitts & Nevis, Grenada, Antigua & Barbuda, Dominica and St. Lucia. In other countries you have to live there, sometimes for a considerable time before you become eligible, not to mention the increased document requirements you have to meet.

Whilst our legal team is happy to assist in obtaining almost any existing residency or Second Citizenship program, we believe that Vanuatu is the best Citizenship by Investment program available today for the following reasons:

- Vanuatu is a fiercely independent nation of eighty islands. It gained its independence from England and France in the 1970's and does not allow itself to be bullied by the OECD

and other larger countries. It protects its citizens from being attacked by other countries as it values freedom above all. The police do not carry weapons, there is no surveillance on

citizens. The Prime Minister is happy to meet his citizens over coffee and the legal system is British with an independent judiciary, often chosen from other countries. Vanuatu democracy is strengthened by a system of Chiefs, which protects people's traditional rights. There is no personal taxation, no wealth taxes, inheritance taxes, gift taxes, income taxes. In fact, there are almost no taxes at all and Vanuatians like it that way.

- A Vanuatu citizen has unrestricted access to the local banking system which prides itself on privacy and quality. There is a very strong banking and professional support sector of highly qualified lawyers and accountants. Vanuatu is a place where Ultra-High Net Worth Individuals choose to hold their money.
- Vanuatu is a great place to live, work or retire. In fact, it is one of the world's last undiscovered paradises. Its residents have access to top international schooling, to the cleanest air, water and food possible on Earth and are literally thousands of miles away from the world's troubles. This place has been voted the happiest place on Earth consistently for the last ten years. It is virtually free of serious crimes like assault or murder.
- The Vanuatu Government has no political enemies or disputes with anyone and is very far from The United States of America and Europe. Consequently, its citizens enjoy visa free travel to over 145+ countries including to the EU (Schengen), UK, Russia, and fast track or friendly treatment from Commonwealth countries, such as Canada, New Zealand and Australia.
- Whilst Vanuatu does not like undesirables such as criminals and has robust AML policies, it has a policy of non-discrimination towards applicants, and therefore, does not discriminate by country of origin, race or religion. You will find, that it has the most streamlined and fastest processing system of all programs and you can get your passport within 2-3 months. No country today can offer that.
- In today's volatile political climate with unrests, wars and crises, Vanuatu is the ideal "Plan B" destination. The South Pacific region which includes Vanuatu has been regarded by many "Plan B" experts to be one of the safest places in the world to escape to, in the possible scenario of unrest in Europe, USA or the Middle East, Remember for you and your children and their children's children, this is a country in which they will be citizens in perpetuity. Permanent freedom is truly priceless.
- Unlike most countries, Vanuatu accepts funds sourced from Crypto and does not require proof of funds in the millions. It is therefore open not only to the ultra-wealthy individuals like some other programs.
- Vanuatu is the only country to streamline its approval process in such a way that you don't risk or tie up funds at the approval stage. For an all-inclusive fee of USD 10,000 (this includes our legal work, government fees, etc.) you will obtain a clearance from the Government which acts as an approval. After this you pay the remaining amount and there is almost zero chance of rejection as you have been preapproved. No other program offers this, making Vanuatu the fastest and indeed safest program available today.

Vanuatu Development Support Program (DSP)
